What will your me?
They me in
They me out everything
But I give a little of me away
Every day

So I up the pieces

But I can't explain
I'll always love you
But tonight's the night I choose to

Love you so much
That I have to go

I'll touch
And the secrets we know
But it would be me to stay
And I'll just give you

I can't stop
I hate that I've you pain
But I can't it

I'll always love you
But tonight's the night I choose to
