

## Fill in the mail with the correct form of the Reported Speech.

Dear Ale,

This is what happened today in class, we missed you, I hope your stomachache is better now.

First, the teacher (1) \_\_\_\_\_ us to turn off the microphones because there was a lot of noise, then she (2) \_\_\_\_\_ she was stressed because her connection was not very good today. I am sorry for her, she was not at her best. Then, Mario (3) \_\_\_\_\_ he did not do the homework and she (4) \_\_\_\_\_ it was enough and sent him to the Coordinator's ZOOM office. We were all working in silence when Jessie opened the mic and (5) \_\_\_\_\_ she was confused with the exercise, the teacher (6) \_\_\_\_\_ her to ask someone else because she was not going to repeat it. You have to imagine the poor teacher's face! She had an unbelievably bad day. But that's not all, all of a sudden there was an awful noise and she (7) \_\_\_\_\_ she had a problem with her dog at home, he dropped a flower pot and everything was a mess. Our poor teacher had to leave us there but then she came crying and (8) \_\_\_\_\_ us to go... As you know, she is always loving and caring but she was having a bad day. Then Laura (9) \_\_\_\_\_ her not to cry, that we were there for her, and everybody opened their mic and (10) \_\_\_\_\_ we were sorry for not having the best attitude these last days. As nice as she is, the teacher (11) \_\_\_\_\_ she was sorry too and at the end she (12) \_\_\_\_\_ us to complete page 95 for homework expecting tomorrow to be a better day for all.

That was pretty much everything. Well, Danna (13) \_\_\_\_\_ she was also worried about you and (14) \_\_\_\_\_ me to give her your mail, and I did. I hope you don't have a problem with this, and Daniel (15) \_\_\_\_\_ he had an important thing to share with you, so wait for more messages.

Hope to "see you" tomorrow in our virtual session, if not, I will write again with the update.

Take care!

Sarah
