Dear Chisom,

How are you? Do you remember me? It's Yuto Kobavashi from Japan.

Listen and read Yuto's e-mail about the activities he likes doing

During the lockdown, I have more free time to do things I like. I love exercising every day. I like riding my bike every Saturday, but I hate running. I hate singing, but I love dancing in the afternoon.

My mother hates cooking every day, but she likes baking. She likes watching TV in the afternoon. She loves swimming in the pool every Sunday, but she hates swimming at the beach.

How about you and your parents? What do you like doing in your free time?

Your friend,

Yuto
