i.-Listen and choose

1.- What will Camila do if she wants to help the planet?

I am Camila and I want to help the planet and one of the things that are more important for me is to hang out laundry on the clothesline because in that way I won't use the washing machine to dry my clothes.

2.- What will Sergio do if he wants to save energy to help the planet?

My name is Sergio and I want to save energy . I think it is a good idea to use less the car, however I have to use it, on the other hand I believe that in my house we have too many tvs and I want to use 1 tv so we spend less energy and all the family will be gathered .

3.-What will Alejandra do if she wants to stop polluting?

Alejandra wants to stop polluting , she thinks she will help the planet using less things that are not recycled , she already uses paper matches , and she recycles her Christmas tree, so what she really wants to do now , she will choose cotton swabs with paper sticks instead of plastic, they damage less .

4.-What will Carmen do if she wants to help the environment?

If Carmen wants to help the environment , she will start doing things that are very meanful, for example her mother water the plants at night, and her sister avoid rinsing dishes before putting them in the dishwasher, so Carmen wants to buy rechargeable batteries to reuse and decrease the damaged create by humans.

5.- What will Nicole do if she has a baby?

If Nicole has a baby she will do different things to change the way she lives because she needs to pollute less, her sister chose the cloth diapers for her baby, her cousin Caroline choose biodegradable baby wipes , but Alejandra will cut down on screen time and electricity use by spending more time outside with her baby.

6.-What will Vicente do if he wants to be a green person ?

For being a green person you have to change the way you live, Vicente wants to change, so he will do what his father does, he will order groceries online in order to stop driving and help the planet.
