Alex shut the lid to his laptop with a loud clap. Some of the people sitting at the tables near him looked up from their books and gave him annoyed looks. Alex put the laptop in his bag and began walking toward the door. He held his head down low.	1.
Vance Powers grabbed the control stick. Up until now he had been a prisoner on this spaceship, but even the captain knew that Vance was the only one who could navigate through an asteroid belt. "Quick! Take these laser cuffs off!" The captain and the guard looked at one another hesitantly. Boom! The ship skidded off a large asteroid. "Now! Take the cuffs off! There's no time!" Vance shouted at the men. The captain gave the guard a slight nod. The guard waved the magnetic key over the laser cuffs on Vance's wrists. The cuffs powered down and fell off of Vance's wrists. Suddenly Vance had full control of his arms again. Vance tested the movement of his arms by disarming the guard and slapping the laser cuffs on him in one swift motion. Vance Powers was back.	2.
Sir Anders frowned at his squire, Toby. Toby looked back worriedly. He was eager to please Sir Anders but he didn't know how. "Well, Toby, do you want me to put the saddle on myself?" A bolt of realization struck Toby. He grabbed a saddle of the wall and began apologizing, "Why of course not, Sir Anders. What was I thinking?" Toby awkwardly tried to get the saddle on Sir Ander's white stallion. "Let me just grabbed the belt here and uh... Ah!" Toby was muttering to himself when Sir Ander's horse turned suddenly and knocked him into a pile of hay. Sir Anders could not help but to crack a slight smile at this scene. As Toby brushed off the hay, Sir Anders consoled him, "He knows that you're scared, Toby. Grab the bridle off of the wall, help me remove my armor, and I'll show you how it's done."	3.
