

These are the gossips told by students in a class. Complete the sentences below with the words that you have learnt.

1. Vanny is so _____. She always says one thing but does another. For instance, she told her friends not to cheat in their exams because that's the wrong thing to do. However, she cheated during the exam herself.

2. A: What do you think of Dany?

B: Dany always acts like she is the smartest one in the class even though she is obviously not. She also often acts like she is more important than she actually is. I think she is very _____.

3. Tum never thinks seriously on any topic. Whenever we deeply discuss about a serious matter, he always just agrees with us and never gives us any of his thought at all. I just think he is very _____.

4. Jake is really good at making his classmates feel good about themselves. He always gives us compliment whenever he can. The other day he told me my hair was pretty. He is very _____.

5. Nimol is a bit _____. She always does strange things and she has weird hobbies as well. The other day I saw her playing with a gecko. Sometimes I think she is very unusual.

6. My sister is very _____ because she always thinks of how my mom and I feel. She always makes sure that we are happy and comfortable. She is the best!

7. Vatna is a bit unfriendly. I was trying to talk to him the other and he just stared at me grumpily and didn't say anything. I've also been told that he is very hard to talk but I didn't think he was that _____.

8. Ruth always seems so shy and _____. I've seen her getting embarrassed and nervous very easily.

9. Meta is my friend. However, he is a bit of an _____ because he doesn't like hanging out with a big group of people and he usually just stays home and reads books. He's a bit shy and quiet but I love him anyway.

10. The homework our physics teacher gave us is very difficult because the formulas are very _____. I couldn't even understand how they work. There are just many parts involved in the formula that it makes them so hard to understand.
