

Fracciones Propias

Objetivo: Demostrar que comprenden las fracciones propias. OA_07

Fracciones propias son aquellas fracciones donde el numerador es MENOR que el denominador

I. Marca si la fracción es o No es una fracción propia

Activity showing 12 fractions and their classification as proper (SI) or improper (NO) fractions. The fractions are in pink boxes, and the classification is in green (SI) or red (NO) circles. Dashed lines connect the fraction to its classification.

Fraction	Classification
$\frac{2}{9}$	SI
$\frac{12}{10}$	NO
$\frac{21}{16}$	SI
$\frac{15}{18}$	SI
$\frac{41}{81}$	SI
$\frac{13}{31}$	NO
$\frac{4}{19}$	SI
$\frac{20}{12}$	NO
$\frac{5}{4}$	SI
$\frac{18}{28}$	NO

II. Une cada representación gráfica con su respectivo Nombre y su representación numérica

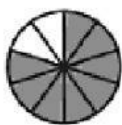

Seis décimos

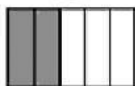

Ocho décimos

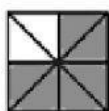

Dos octavos

Seis octavos

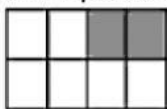

Dos sextos

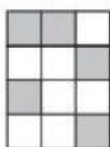

Dos quintos

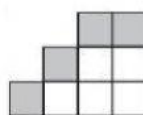

III. Observa cada representación gráfica y escribe el numerador y denominador correspondiente:
