

Hot N Cold, Katy Perry

1. Listen and complete the opposites in the chorus
2. Complete the extra spaces with clothes – roller coaster – mind – boring

You change your _____
Like a girl changes _____

Yeah you, PMS

Like a b****

I would know

And you over think

Always speak

Cryptically

I should know

That you're no good for me

Chorus:

'Cause you're hot then you're _____

You're yes then you're _____

You're in then you're _____

You're up then you're _____

You're wrong when it's _____

It's black and it's _____

We fight, we break up

We kiss, we _____

(You) You don't really want to stay, no

(You) But you don't really want to _____

You're hot then you're cold

You're yes then you're no

You're in then you're out

You're up then you're down

We used to be

Just like twins

So in sync

The same energy

Now's a dead battery

Used to laugh 'bout nothing

Now you're plain _____

I should know that
You're not gonna change

Chorus

Someone call the doctor
Got a case of a love bi-polar
Stuck on a _____

Can't get off this ride

You change your mind
Like a girl changes clothes

Chorus
