**(Q. No.1-10) Read the following passage from the lesson "Attitude is Altitude".**

Nick began travelling the world and in 2008 he went to Hawaii and met surfing master Bethany Hamilton, who had her arm bitten off by a shark when she was 12.

'She was amazing,' said Nick. 'She taught me how to surf and I was terrified at first, but once I got up there it felt absolutely fantastic and I caught some waves pretty well.' Nick quickly learned how to do the 360 degree spins on his board - a feat that got him on the cover of Surfer magazine within 48 hours. 'No one has ever done that in the history of surfing,' he said. 'But I have a very low centre of gravity so I've got pretty good balance.'

He has visited different countries all over the world. The football fan is now a motivational speaker and has travelled over 24 countries speaking to groups of up to 110,000 people.

He moved to Los Angeles two years ago in 2007 and plans to continue to travel the world.

"If I fail, I try again, and again, and again. If you fail, are you going to try again? The human spirit can handle much worse than we realize. It matters how you are going to finish. Are you going to finish strong?" said Nick

'I tell people to keep on getting up when they fall and to always love themselves,' he said.
