EXERCISE KD 3.3.2

SDK 6 BPK PENABUR

Class/Semester : IV/1 Subject : Mathematics Topic : Numbers Competency : 3.3	Name :	Score	Parents sign
	Class/No.:		
	Date :		

Do carefully.

1. The numeral numbers of eighty - nine thousand,six hundred and seventeen is

    _____

2. The number words of 90.847 is _____

3. Complete this number pattern.

    8.500, _____, 18.500, 23.500, _____.

4. Order these number from the greatest.

    41.325, 31.425, 51.324, 14.325

    _____

5. Fill in the blank with the correct answer.

    a. In 70.569, the digit 0 in _____place

    b. In 56.301, the digit value of digit 6 is _____.

6. Fill in the blank with the correct answer.

    78.265 = m + 8.000 + 200 + 60+ 5

    The correct number for m is _____

7. Look at the following picture.

    My sister ribbon is 182 cm.

   My sister ribbon is _____ cm when rounded pff to the nearest ten centimetres.

8. Look at the following picture.

    The volume of milk in the bottle is 487 ml.

    The volume of milk in the bottle is _____ml when rounded off to the nearest hundred mililitres..

9. Look at the following picture.

    8.950 is _____when rounded off to the nearest thousand.

10. Estimate the value of 743 + 512 .

Round off each number to the nearest hundred, then estimate the value of.

_____

11. Complete the table.

Item	Cost	Estimate the cost by rounding off yo the nearest hundred.
Eraser	Rp 920	…
Pencil	Rp 890	…

The estimation of the cost is about Rp _____
