

A large, stylized blue cloud shape is the central focus. Five children are depicted around it, as if they have painted it. At the top left, a girl with blonde hair in a red polka-dot dress holds a blue pencil. At the top center, a boy with brown hair in a purple shirt waves. At the top right, a girl with red hair in a pink dress holds a blue pencil. On the left side, a boy with black curly hair in a teal shirt and blue shorts stands on a wooden ladder, holding a pink pencil. At the bottom center, a boy with red hair wearing a yellow and blue cap and a purple shirt holds a paintbrush, with a blue paint can on the ground next to him. On the bottom right, a girl with black hair and a pink bow in a blue dress sits on a small wooden stool, waving. The word "Senses" is written in purple inside the cloud.

Senses

How do we hear?

We hear with ears.

A rectangular box containing four horizontal lines for writing, with red lines at the top and bottom and blue lines in the middle.
