Adjectives

Adjectives are words that describe nouns. They can tell the **color** of a noun and the **shape** of a noun. Adjectives also tell **how many**.

Examples: size adjectives – large, tiny, etc.
shape adjectives – round, flat, etc.
how many – one, many

Instructions: Classify these adjectives by putting them under their correct 'Adjective heading'.

small	few	lots	heart
oval	huge	five	big
three	medium	curvy	cubed

how many	size	shape
