

LISTENING

inversion

How to Save a Life

You are going to listen to *How to Save a Life*, by *The Fray*.
Can you guess the correct order of the lines in the verses?
Remember that the final words of the lines are in rhyming pairs.

Verse 1

Verse 2

Verse 1

Step one you say "we need to talk"
You stare politely right on through
And you begin to wonder why you came
He smiles politely back at you
As he goes left and you stay right
He walks, you say "sit down, it's just a talk"
Some sort of window to your right
Between the lines of fear and blame

Verse 2

Let him know that you know best
Without granting innocence
And pray to God he hears you
And then pray to God he hears you
Lay down a list of what is wrong
Try to slip past his defence
Cause after all you do know best
The things you've told him all along

Verse 3

Verse 3

As he begins to raise his voice
Or he'll say he's just not the same
Drive until you lose the road
And you'll begin to wonder why you came
Or break with the ones you've followed
You lower yours and grant him one last choice
He will do one of two things
He will admit to everything

**Now listen to the song to see if you were correct.
Also try to complete the chorus of the song.
It uses a sentence in an *inverted third conditional*.**

Chorus

Where _____ ?

I _____

Somewhere along in the bitterness.

And _____

_____ I _____
