Rose Quartz has got a <sup>1</sup> circus. It's a circus with acrobats, musicians, <sup>2</sup>                    and a strongman; his name's Ivan. The circus is called 'Diversicus'. Our family are going on <sup>3</sup>                    with them. Mum's the new musical director and Dad's the new <sup>4</sup>                   . Today's our first day. Jim's my <sup>5</sup>                    and we're twins. Now we've got two new friends. Our friends' <sup>6</sup>                    are Pablo and Su-Lin and they're nine years old. Jim and Su-Lin both <sup>7</sup>                    science, Pablo loves drawing and making <sup>8</sup>                    books and I love <sup>9</sup>                   .
