

1. Listen and write the correct word.

1 

2 

3 

4 

2. Read the text.

The family.

The family is in the house. There are five people in the family: the father, mother and the children. One child is a boy and the other two are girls. The father is forty years old and the mother is thirty eight years old. The son is fourteen and the two daughters are eleven. They are twins. The girls are small and pretty; the boy is tall and strong. The parents are happy.
