INTERMEDIATE- Online Lesson 25

Choose the correct words.

Hey Wendy,

How are your exams going? I was feeling really stressed last week because I couldn't seem to **distract / concentrate / reduce** on my revision, but I've (1) **calmed down / sped up / turned off** a little now and I feel more relaxed. It's all thanks to a music company called focus@will. It's got a music streaming site like Spotify or Pandora, but the music is different. It's not the kind of music that you want to turn (2) **up / down / off** and (3) **affect / speed up / sing along** to. It's music that (4) **cheers up / increases / slows down** your ability to focus.

It's hard to explain, but the music (5) **increases / affects / reduces** your brain and stops things from (6) **distracting / concentrating / improving** you. I've been using it for about three days now and my ability to study has really (7) **reduced / improved / turned down**.

You should go online and listen to it so you'll understand what I'm talking about.

See you at the weekend,

Stephen
