An accident

Two cars were going down Second Street in Lawrence, Kansas. A middle-aged woman was driving a Chevrolet. Right behind her, a teenage student was driving an old Ford. The woman was driving slowly and carefully. The student wasn't driving carefully. He was worrying about his classes in school. He was doing badly in Spanish and physics. He was worrying about the final exams, so he wasn't paying attention to the road. The traffic light was green. A young woman was walking down the street. A cat was sitting on the corner near the traffic light. A dog was sitting on the opposite corner.

The dog was thinking about a bone.

Suddenly the dog saw a cat.

It ran across the road.

The woman saw the dog.

She quickly put her foot on the brakes.

The Ford crashed into the Chevrolet.

A young woman saw the accident.

She ran to a telephone booth.

The police and an ambulance came immediately.

1 Read the text and answer these questions:
