Diagram illustrating arithmetic operations:

- Starts with a cube containing the number **3**.
- Operations from the cube:
 - Down arrow: $+10$ to a square.
 - Down arrow: $+10$ to another square.
 - Right arrow: $+1$ to a square.
- Operations from the squares:
 - Up arrow: -10 to a square.
 - Down arrow: $+10$ to a square.
 - Down arrow: -5 to a square.
 - Right arrow: -10 to a square.
 - Right arrow: $+5$ to a square.
 - Right arrow: -10 to a square.
 - Up arrow: $+6$ to a square.
 - Up arrow: $+2$ to a square.
 - Up arrow: -10 to a square.
- Operations from the squares:
 - Right arrow: $+20$ to a square.
 - Left arrow: $+10$ to a square.
 - Left arrow: $+20$ to a square.
- A central cylinder contains the number **60**.
- An arrow points from the cylinder to a square with the operation $+8$.
