

SHOULD HAVE

My girlfriend left me.	I shouldn't have gone to bed so late last night.
She won't be able to finish her dinner	I should have prepared more thoroughly.
This movie is really boring	I should have put on thicker socks.
I think that dress looks awful on her.	She should have chosen a different colour.
This food is burnt.	I should have been nicer to her.
My feet are freezing!	We should have chosen a romantic one.
I was really late for work today.	She shouldn't have ordered so much
The interview didn't go too well.	You shouldn't have left it in the oven so long.
