

CREATION

Day

On the second day of creation God separated the water above the earth from the water on the earth. He placed the sky between the two.

The water above turned into the Atmosphere. (Clouds and the air we breathe) It holds water until it falls back to the earth in the form of rain, snow or hail.

The water below turned into the seas and rivers.

READ OVER THE NOTE ABOVE. THEN COPY IT DOWN IN YOUR EXERCISE BOOK. DRAW A PICTURE OF DAY AND NIGHT.
