The answer to this question is to be submitted to your teacher on whatsapp or in a note book.

You might have understood the problems of these children because they don't have proper care from their parents and **no** proper education. They are unwanted and left on the streets. Now write a description of their problems in your own words.

**Hints:**

Orphans- no parents - no proper education - tough life- insecure- lonely- sad- no one to share their feelings- frightened- confused- society.
