

Writing2

Read the passage parts:

Some people think that Students can help each other and share ideas when working in groups.

Clearly there are arguments in both sides.
However, I think that it is better to share tasks and exchange ideas.

Is it a good idea to work in group? This is a question students and teachers often discuss.

However, other people say that Some students do not participate and rely on their mates.

Put the paragraphs in the right order:

1
