In this worksheet you are going to find a text about fast food and some activities in order to see if you really understood. As well, we are going to recall some vocabulary related to food and past simple tense.

The last night my friends and I went to a fast food restaurant. We were celebrating the birthday of one of my friends. When we arrived, the place smelled delicious. There were hamburgers, pizzas, hotdogs and all the fast food you could imagine.

My best friend Pablo had a big hamburger with extra cheese. Cristina, the birthday girl, had a hotdog with extra french fries and I had a big pizza with extra cheese and pepperoni. While we enjoyed our food, we told stories, jokes and shared our food among us. Finally, we chose a drink, my best friend and I had a chocolate milkshake for each one and the Birthday girl had a coke. We spent a really nice time together.
