

Passive Voice - Revision

- a- Complete the text using the **passive voice** in the **present simple form** of the verbs in brackets.

Tornadoes

In spring and early summer, America (hit) by many violent thunderstorms. They (cause) when cool, dry air from Canada meets warm air from Mexico. An area called 'Tornado Alley' in the Midwest, (affect) every year by the worst tornadoes in America. Tornadoes (form) at the bottom of huge thunderclouds. This happens when a slow wind (twist) round by faster air above it and becomes a horizontal tube of twisting air. Then more warm air comes up from the ground and starts to lift up part of this tube air to form a loop. When one end of the loop reaches the ground, a tornado (create). As the twisting column of air travels across the ground, many trees and buildings (destroy).
