Word Bank

Warmer climate
Service (tourism, healthcare, education, banking, insurance)
Location on the Atlantic Ocean
It is located in central Europe, so railways and waterways can carry goods/people to other countries; also, ports in the north support shipping industries
Rhine River
Takes a long time, waterways are often frozen, slower by railroad
Russia
Produce 60% of the food its citizens consume
It's mild with year-round rainfall.
Europe. Asia
