Studying at home

Pierre is 10 years old and he's from France. Pierre is a good student and he always gets good results in his tests and exams, but now he doesn't go to school. He lives in Paris, a beautiful city, where there are many schools, but all the schools are closed now. There is a pandemic in the world and children can't go to school.

Pierre studies at home. He's got books, pens and pencils but his lessons are on the computer. Every morning Pierre sits in front of his laptop for three hours and watches and listens to his lessons. His teachers use cameras and interactive worksheets. He can talk to his teachers and the other students in his "class". In the afternoon, Pierre has his English online lessons. He loves them! After that, he does his homework or he reads a book.

All the children are at home at the moment. Pierre misses his friends and his teachers but he knows that he has to stay at home. It is all for the best. He hopes the pandemic goes away to go back to school and play in the school yard with his friends.
