HALSEY

Wanna believe, wanna believe
That you don't have a bad bone in your body
But the on your ego make you go wild, wild, wild, yeah
Wanna believe, wanna believe
That even when you're stone cold, you're
Tell me why you gotta be so out of your mind, yeah

I know you're chokin' on your
Already told you I'm right here
I will stay by your side every

I don't know why you from the one
And close your eyes to the one
Mess up and lie to the one that you
When you know you can to the one
Always confide in the one
You can be kind to the one that you love

I know you need, I know you need
The upper hand even when we aren't
'Cause in the past, you had to prepare every time, yeah
Don't wanna leave, don't wanna leave
But if you're gonna then do it for me
I know you're built to but broken now, so just try, yeah

CHOROUS

I know it's for you, but it's not
Going sick in the head tryna get you there
And I know it's for you, but it's not
It's not
