

Cálculo del perímetro o circunferencia

1.- Escribe el valor del radio y del diámetro en cada ejercicio.

2. Calcula el perímetro de cada ejercicio, recuerda que se obtiene al multiplicar el diámetro por el valor de π (3.14).

3. Recuerda escribir la unidad de medida adecuada.

$P =$

$$r = \boxed{}$$
$$d = \boxed{}$$

$$r = \boxed{}$$
$$d = \boxed{}$$

$P =$

$$r = \boxed{}$$
$$d = \boxed{}$$
$$P = \boxed{}$$

$$r = \boxed{}$$
$$d = \boxed{}$$
$$P = \boxed{}$$

$$r = \boxed{}$$
$$d = \boxed{}$$

$P =$

$$r = \boxed{}$$
$$d = \boxed{}$$
$$P = \boxed{}$$
