### CHARLIE'S WEIRD WEEKEND

When he opened his eyes, he realised he wasn't in the house anymore! He was in a spaceship!

'What happened?' thought Charlie as he got up and looked around.

'You're in the future,' said a strange voice behind him.

Charlie turned around and saw a little green alien waving at him.

'How did you hear me?' said Charlie. 'I only thought that, I didn't say anything!'
