

- 1- **Reading Comprehension:** Sam loves writing on his online blog. He wrote a blog post yesterday sharing with his family and friends some things about his life. Read Sam's blog post and do the activities below:

I am Sam and I am 9 years old. I live in California, The USA, with my mum, dad, and my brother, Josh. I am not older than Josh, He is 20 years old. He is at the university, so I hardly ever see him at home because he is always out studying or doing final projects with friends. When he is at home, I can't go in there because he is always busy.

My favourite free time activities are using my computer to watch comedy films online but I don't like watching historical films, they are boring. When I am free I play video games too. I have two favourite games: Overwatch and Fortnite. I think Overwatch is more exciting than Fortnite. But the most realistic game is Legend of Leagues, in my opinion.

I have online lessons from 8 to 10 a.m in the morning, from Monday to Friday. After that, I do my homework and I send it to my teacher. I have Spanish lessons twice a week in the afternoon. My father helps me do my Spanish homework because she is a teacher.

Last year, we travelled to Cancun by plane. We went to the beach, we made a sandcastle there. In the evening, we went to a restaurant and we took lots of pictures. My brother and I were very sad one day, because we didn't go camping on the beach and we didn't visit the gift shop but We were happy in the end. We made a very exciting trip! We loved going to that place!

Now, I have to go. My mum is cooking and she needs some help. I will write more, later. See you!!

Sam.
