

# Life in the future

## "BUT" - "SO" - "BECAUSE"

140

Connectors help us JOIN two or more ideas.

1. Let's see if you remember what each connector expresses. Drag and drop.

**BUT**

**BECAUSE**

**SO**

We use it  
to express  
CONSEQUENCE

We use it  
to express  
CONTRAST.

We use it  
to express  
REASON.

2. Read the sentences and complete them with the most suitable connector.

- a) The earth will be very polluted in the future, \_\_\_\_\_ people will build houses in other planets.
- b) Supermarkets will exist \_\_\_\_\_ they will be very different.
- c) Robots will correct students' exercises, \_\_\_\_\_ teachers will have more free time.
- d) Children will walk and play on the streets \_\_\_\_\_ cars won't exist.

Read the given information. Think of the most suitable CONNECTOR and write the complete sentence using the future simple (will-won't) form of the verbs in brackets.

In some cases, more than one option is possible.

1. The Earth **(be)** very crowded, connector people **(live)** on the moon.  
full of people

The Earth **will be** very crowded, **so** people **will live** on the moon.

2. Schools **(exist)** connector they **(be)** very different.

3. Teachers **(not correct)** exercises connector robots **(do)** it.

4. Robots **(do)** all the house chores, connector people **(have)** more free time.

5. Paper books **(disappear)**, connector students **(work)** on their personal computers.
