Duygu: Hi! My name is Duygu and this is my town. I love my town because I am very happy here. I go to the school everyday, and it is on the corner of White Road and Spring Street. There are trees around my school. Sometimes, I go to the pool. The pool is next to the school. I love films and I go to the cinema every week. Our cinema is behind the pool. After the cinema, I ride the bus home. The bus stop is opposite the school. The mosque is between the bus stop and the book shop. Another bus stop is next to the toyshop. I like toys and I buy toys from the toyshop. Sometimes, I go to the bakery. It's on the corner of Hill Road and Spring Street.
