## **PROJECTS**

## **Ancient Egypt**

NAME:	
1-	CHOOSE THE CORRECT OPTION
a)	Pyramids are large stone/wood structures with triangular/square bases and triangular/square sides.
b)	The Great Sphinx / The Great Pyramid was built by king Khafra.
c)	It took millions / hundreds of years to build a pyramid.
d)	Egyptians used animals / sledges to move the heavy rocks and build the pyramids.
e)	Gods lived inside statues / mummies. They needed sacred places called temples / tombs as their
	house.
f)	The Great Sphinx looked like a camel / lion with a human head. The head is missing its ears / nose.
2-	WRITE TRUE or FALSE. JUSTIFY THE FALSE ONES
The en	nbalmer put all the organs in jars. For example, the lungs and the heart
The de	ead body needed to be washed before its mummification
The en	nbalmers used straw to dry up the body
The bo	ody was filled in with straw and spiced. Then it was wrapped up in strips of linen
Only a	part of the body was wrapped up. The face of the mummy was not covered
	nbalmer put the mummy in the sarcophagus. Then, this was placed in the coffin. Finally, it was in the tomb

## **PROJECTS**

	3-	ANSWER IN JUST ONE WORD
