

Name: \_\_\_\_\_

**Mathematical Concepts**

**(12 marks)**

**Answer ALL questions**

1. Write the number that the model shows.

Answer: \_\_\_\_\_ (1)

2. Write the **value** of the underlined digit in the number below.

38 205 \_\_\_\_\_ (1)

3. Write the **place value** of the underlined digit in this number.

125 906 \_\_\_\_\_ (1)

4. Write the numeral for one thousand, two hundred fifty-nine.

Answer: \_\_\_\_\_ (1)

5. Write the number that this place value chart shows.

Thousands	Hundreds	Tens	Ones
2 cubes	3 cubes	5 cubes	1 cube

Answer: \_\_\_\_\_ (2)

Use the numbers in this chart to answer questions 6 and 7.

21 458	15 682	82 165	68 251
--------	--------	--------	--------

6. Write the number in which 2 is equal to 200.

Answer: \_\_\_\_\_ (1)

7. Write the number in which 5 has the least value.

Answer: \_\_\_\_\_ (1)

8. Choose the set, which shows the numbers written in order from greatest to least. (2)

<b>A</b>	694	756	908	<b>B</b>	452	399	267
----------	-----	-----	-----	----------	-----	-----	-----

9. Round the numbers to the nearest hundreds.

a) 158 \_\_\_\_\_      b) 145 \_\_\_\_\_      549 \_\_\_\_\_ (1)

10. Write the number from the box that is a multiple of 5.

36	23	15	1
----	----	----	---

Answer: \_\_\_\_\_ (1)
