it's a perfect chance

We can ask them their name

and we can shake their

We can ask them a question,

learn a thing or two.

How do we love each other?

Here's the simple ...

It's all about respect

all about respect

all about respect

to show you ...

Do you want someone to listen

when you speak?

Do you want someone to ask you

questions about your ... ?

Do you want someone to say something

nice to you?

Let's treat others as you'd want

them to treat you, ...

It's all about respect

all about respect

all about ...

to show you care.
