1. READ THE TEXT AND ASNWER TRUE OR FALSE

Hi kids! You already know me but, just in case, I'm Peter or Spiderman. Today I'm going to tell you all about the city where I live, New York City.

New York is the largest city in the United States. More than 8 million people live in the Big Apple. New York City is in the state of New York. Did you know there 250 Museums and 400 Art Galleries in New York? Cool, right?

The most famous landmarks in New York City are The Empire State Building, The Statue of Liberty and Central Park. My favourite landmark is The Empire State Building. I love climbing to the top of the building and watching the entire city from up there. I can see the busy city centre and Central Park with the beautiful trees and lake. I can also see The Statue of Liberty which is 132 years old and it was a gift to the United States from the people of France.

I love this city because it is modern and lively. I like hanging from one building to the other and as many people from all over the world visit this city, I have the chance to meet them!

|	
a. Eight million people live in New York.	TRUE FALSE
