

Name _____

Water Cycle: Evaporation, Condensation, or Precipitation?

Circle Evaporation, Condensation, or Precipitation to identify each description.		
1.	Water droplets forming on a cold glass	Evaporation Condensation Precipitation
2.	Steam rising from a pot of boiling water	Evaporation Condensation Precipitation
3.	Rain falling from the clouds	Evaporation Condensation Precipitation
4.	Hail produced by a summer thunderstorm	Evaporation Condensation Precipitation
5.	Coffee drying in the bottom of a cup	Evaporation Condensation Precipitation
6.	Fog forming on the mirror in the bathroom	Evaporation Condensation Precipitation
7.	Clouds appearing when a hot and cold air mass meet	Evaporation Condensation Precipitation
8.	Dew droplets forming on the grass in the morning	Evaporation Condensation Precipitation
9.	Wet mud turning into dry, cracked dirt	Evaporation Condensation Precipitation
10.	Moisture forming on cold sunglasses	Evaporation Condensation Precipitation
11.	Snow covering the ground in a blizzard	Evaporation Condensation Precipitation
12.	A lake drying up in a drought	Evaporation Condensation Precipitation
