

Name \_\_\_\_\_

### Water Cycle: Evaporation, Condensation, or Precipitation?

| Circle Evaporation, Condensation, or Precipitation to identify each description. |  |  |
|--|--|--|
| 1.   | Water droplets forming on a cold glass             | Evaporation<br>Condensation<br>Precipitation |
| 2.   | Steam rising from a pot of boiling water           | Evaporation<br>Condensation<br>Precipitation |
| 3.   | Rain falling from the clouds                       | Evaporation<br>Condensation<br>Precipitation |
| 4.   | Hail produced by a summer thunderstorm             | Evaporation<br>Condensation<br>Precipitation |
| 5.   | Coffee drying in the bottom of a cup               | Evaporation<br>Condensation<br>Precipitation |
| 6.   | Fog forming on the mirror in the bathroom          | Evaporation<br>Condensation<br>Precipitation |
| 7.   | Clouds appearing when a hot and cold air mass meet | Evaporation<br>Condensation<br>Precipitation |
| 8.   | Dew droplets forming on the grass in the morning   | Evaporation<br>Condensation<br>Precipitation |
| 9.   | Wet mud turning into dry, cracked dirt             | Evaporation<br>Condensation<br>Precipitation |
| 10.  | Moisture forming on cold sunglasses                | Evaporation<br>Condensation<br>Precipitation |
| 11.  | Snow covering the ground in a blizzard             | Evaporation<br>Condensation<br>Precipitation |
| 12.  | A lake drying up in a drought                      | Evaporation<br>Condensation<br>Precipitation |
