

A letter to the local council

You've arrived in Los Angeles, a city in California, land of Hollywood glamour, surfer vibes and cultural icons. Millions of people come here to make their American Dream come true. You are walking in one of the richest districts of the USA – Beverly Hills. Suddenly, you notice a young woman sitting on a bench and crying. You start talking to her:

Ava cleans rich people's houses and doesn't earn much. She's just received an eviction notice because she's been behind with the rent. She's got 2 weeks to move out and she's got nowhere to go. Her present wage is not enough to rent a flat but she would like to find a better job.

Help Ava write a letter to the local council. Think what she could ask for in order not to get evicted and live on the streets. (Use 200-250 words).
