Read the text, then solve the activities.

Hi! My name is Charlie I'm ten years old, I am in 4<sup>th</sup> grade and I like my school. On Monday we have art, we paint and draw many pictures, I like art. On Tuesday we have P.E and we do exercises in the basketball court, sometimes we play basketball or soccer, I don't like P.E. My favorite subject is Reading because I love reading

books. I like math and English, but I don't like science. My classroom is small, there are 10 chairs and 10 desks, there is a TV above the board, there is a big board in front of the windows and our books are in the book shelf, we put our bags beside the wall, there is a playground between the basketball court and the soccer field and we play there. I love my school.
