Live the Costa Rica experience!

Have you ever seen the top of a volcano? Have you ever walked in the jungle or seen it from top? Have you swum in the Pacific and in the Atlantic oceans? You can do all that, and much more in Costa Rica.

Tourism is easy. Before you arrive, you can choose a guided tour or you can organise your own adventure. In this case, you get a car at the airport. You don't need to choose the hotels before, you can drive from one place to another and stop at any of the hotels in the list. They are all ready to welcome you and your family.

Don't worry about maps and guidebooks. You get all that with your pack, and a GPS if you take a car. Just bring summer clothes, sun cream and sunglasses. The sun is very strong all year round.

In Costa Rica don't forget to try the most amazing fruits in the world. Have them in a juice or in a salad, any time of the day. Some fish are also typical of this region. Try the mahi mahi, an absolute delicacy.

Costa Rica has something to offer everybody in the family. Are you interested in cultural expressions? Then the museums in San Jose, the capital city are perfect for you. They include guides and different activities for the younger ones.
