How to create your own listening material using Audacity

ISE Foundation – Task 1

This is a map of a gym. Here, it shows right and left. You're going to hear someone talking about the gym. You'll hear the talk twice. These pictures show some places at the gym. The talk will tell you where the places are. Each picture has a letter. Write the correct letters in the circles on the map. There's one circle that you do not need to use. There's an example to show you what to do. Please look at the map and the pictures now. You have 15 seconds. Are you ready?

Now listen to the recording and put a letter in the circle to mark the position of each place on the map
