Should Students Wear Uniforms?

December 6, 2019

by Yuna Chong, 9
Santa Clara, California

[...] When students wear uniforms, they **feel like** they are part of the **same** group. I wear a uniform and feel like my school is one big team. I feel included. I think it is **harder** to bully someone about his or her **clothes** if you are **all wearing** the same thing. Parents can **save** money, too! And in the morning, I can save time because I don't have to **choose** what clothes I **should wear**.

by Emerson Sperling, 12
Sterling Heights, Michigan

I **don't think** kids should wear a uniform. If students are wearing the exact same thing, they can't express themselves. During school hours, we should be comfortable to focus on the class. If students could wear normal clothes to school, **we'd be able to express ourselves**. We'd be comfortable. And **we wouldn't spend money on outfits** that we **never** wear at home. [Adapted from TIME for KIDS]
