

NAME: _____

FORM 5

READING COMPREHENSION

Read the text “Nikola Tesla, the man who lit up the modern world” from the Young Achievers student’s book (page 82) and do the activity below.

1) Write T if the sentences are true or F if they are false.

Nikola Telsa was born in 1958 in Croatia.

Telsa was fascinated by electrical storms.

He was fourteen when he invented his first machine.

He spoke English, German and Italian.

He became an electrical engineer.

He went to New York in 1884 by plane.

The phonograph was invented by Thomas Edison.

Telsa invented DC (Direct Current)

Nikola also invented the modern radio and the radar.

Telsa was a rich businessman.

Nikola was married and had two boys.
