

Olivia's Timetable

In the morning

I'm Olivia and I live in Scotland. I go to primary school in Edinburgh. I always arrive at school at nine o'clock.

We have English at quarter past nine. It's my favourite subject. At quarter past ten we have assembly. That's when all the school meets in the assembly hall and the head teacher tells us school news. Sometimes she tells us a funny story, too.

After assembly, it's break time for twenty minutes. I like skipping in the playground with my friends. After the break we study Maths from eleven o'clock to twelve o'clock.

At midday

Lunch is always at midday. I have a sandwich, some juice and a yoghurt in the school canteen. We play in the playground before afternoon lessons.

In the afternoon

At one o'clock we start afternoon lessons. The lessons in the afternoon are different every day. Today is Monday and we have Art and then Music. On other days we have History or Science. I like Science a lot. Before the end of the day our teacher often reads us a story. The bell rings at quarter past three and then we can go home.
