1A Travelling vocabulary revision

1.Choose the correct option.

1 I was on a ***package / excursion / cruise*** **holiday** in Egypt last summer. It was great because everything was organised for us.

2 I want to go on a 3-day ***city break / journey / holiday*** somewhere. What about Budapest or Prague?

3 **A(n)** ***break / holiday / expedition*** across the Sahara desert doesn't sound interesting to me. I prefer a more relaxing type of holiday, thank you!

4 At the weekend we went on a little ***break / journey / excursion*** around our city and found some lovely cafés next to the river.

5 Only rich people can go on a round-the-world ***break / journey / excursion*** so you can forget about that idea!

6 Let's do something different this year. How about a **short** ***journey / expedition / cruise*** around Europe on a luxury ship? That sounds like fun.
