A. Read the text and Select the correct answers:

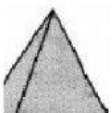

<p>Ancient Egypt</p>  <p>Pyramid</p>	<p>In Ancient Egyptian times, witches and wizards lived and worked together with muggles. People used magic for many things. There were spells for curing sickness, there were spells for making babies. There were spells for growing plants. There were spells for controlling nature, like the wind, rain, rivers, volcanoes and more. Some ancient egyptian wizards and witches could change shapes or transform objects. Some egyptian wizards and witches were seers. They could foresee the future. The ancient Egyptians put magical amulets around their children's necks, for protection. The Pharaohs (Kings) told the people to build pyramids. Inside the pyramids, wizards used magical rituals to protect the pharaoh. They liked to put curses on the pyramids, to stop robbers from getting in. If a person robbed a pyramid, horrible things happened.</p>
