BODY PARTS

Everybody has a nose / body

Everybody has body parts, body parts

You have ten fingers / toes

You have ten fingers / toes

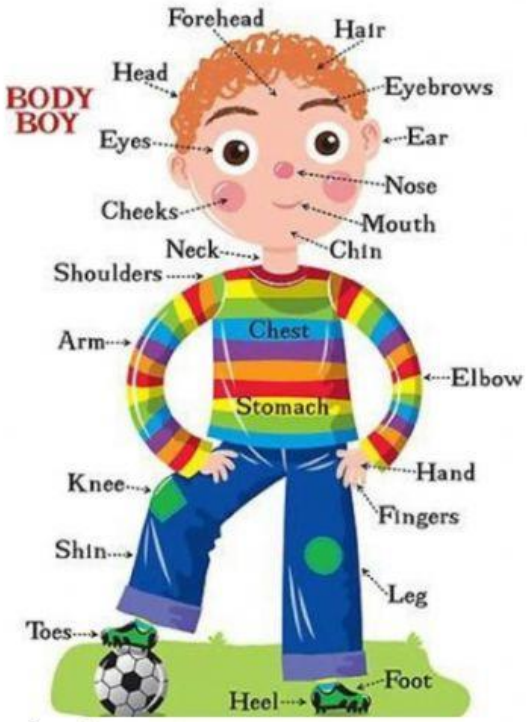

You have two ears / eyes

And you have one nose / mouth

You have two arms / legs

You have two arms / legs

And you have hair on the top your head

Everybody has a body, and everybody has body parts, body parts

You use your hands / fingers to pick things up

You use your hands / arms to give great big hugs

You use your feet / legs to run around

And your feet / legs always touch the ground

Everybody has a body, and everybody has body parts, body parts

You use your eyes / ears when you're looking

You use your mouth / nose to smell what's cooking

You use your eyes / ears to hear this song

You use your mouth / lips to sing along…
