2. SCAN THE TEXT QUICKLY AND IDENTIFY THE PLACES.

All cities around the world, small or large, quiet or noisy, clean or polluted, have public places. There are places where people can enjoy time with family or friends time like **parks, swimming pools**, stadiums and concert halls. Others are for business and commercial purposes. For example, stores, markets and banks. When we need medicine, there are public hospitals, medical centers and drug stores. Young people look for some fun time at the movie theaters, **restaurants and bars**; mostly at night. There are also **day care centers**, schools and universities where people go to learn. No matter where you live, people share public spaces almost every single day.

3. COMPLETE THE FOLLOWING STATEMENTS USING WORDS FROM THE TEXT ABOVE:
