FIRST	THEN	NEXT	FINALLY

All the boys are focused on the window of their room where a Griever is, when Gally comes charging in from the hallway.

Gally starts screaming something about the grievers will kill one person a night until it is all over.

Alby suggests that he shouldn't be the leader anymore and instead, be in charge of studying the maps.

Gally starts ripping the boards off of the window and gets taken by the Grievers.
